

REACT HOMEWORK

Import the starting file the I send : introduction-to-jsx

Install the react modules.Run the following commands to install and open the project in the browser:

npm install Then **npm start** Then you see the website renders.

Then practice the following task to match the image on the next slide

1. Render 'My Website' in h1 and Render the text 'My favorite food list!' in h4
2. Render your favorite list as list. Make sure you have at least 3 item.
3. Create a button and name it 'Click Me'
4. Change the color of the text to red. Use style.css to create styles
5. Change the background color of the button to yellow. Use style.css to create styles
6. Create a new const myFavCity and assign your fav city
7. Render myFavCity in a div
8. myFavCity should have a solid 1px border, corder is solid, color of hte outline is red, width is 30%
9. Render the image in the link:
https://st3.depositphotos.com/1020618/13308/i/1600/depositphotos_133081938-stock-photo-close-up-of-kebab-sandwich.jpg
11. That image should 100px of width, and rounded
12. Create a table and render the following:

COUNTRY	CAPITAL
USA	D.C.
Germany	Berlin
France	Paris
13. Table should be in solid border and COUNTRY AND CAPITAL SHOULD BE RED.

COMPLETED PROJECT

Your image should look like this

My Website

My favorite food list!

- Kebab
- Pizza
- Salad

Click Me

Dallas is my favorite city

COUNTRY	CAPITAL
USA	D.C.
Germany	Berlin
France	Paris
